

# **25v rechargeable lithium battery pack**

## Overview

---

What is a 10AH lithium ion rechargeable battery pack?

Now we provide 25.2V 10Ah Lithium-ion Rechargeable Battery Pack for your energy applications, It consists of seven 3.6V 18650 batteries in series and five in parallel.

What is a 25.2v battery pack?

A 25.2v battery pack is an indicator of a tool's performance. It delivers the power capacity to the cell's c. The size of the battery pack makes it easy to find and replace many battery types. For electric product packs sold at Alibaba.com, the price of a 25.2v battery pack is an indicator of a power source.

What is a rechargeable lithium-ion battery pack?

The La-Z-Boy Rechargeable Lithium-Ion Battery Pack is an accessory designed to power La-Z-Boy reclining furniture without the need for a direct connection to a wall outlet. This provides greater flexibility in furniture placement and allows homeowners to arrange their living space without worrying about cord management.

Why should you buy a lithium ion battery?

With experienced battery experience and advanced technology, it has achieved international high reputation for lithium ion cells supply and battery packs assembly. Strict safety control, ideal for lighting vehicle
