

# 30 000-watt solar panels

## Overview

---

For most homes in the United States this 30kW solar PV ground mounted kit is more than enough to completely eliminate their bill. These 30kW size grid-connect solar kits include.

A typical solar ground-mounted system for a home can be installed within one or two weekends once a permit is obtained from your city or county.

Our kits provide all the solar components you need from start to finish. 1. Solar Panels - 30kW of Tier-1 solar panels with 25 year warranties.

Any licensed general, electrical or solar contractor can install our solar kits. If you select to hire a contractor to install your solar kit, you should.
