

Algerian bifacial solar panel manufacturer

Overview

Who makes solar panels in Algeria?

Among other operational solar module manufacturers in Algeria include French-Algerian company Aurés Solaire, and Algerian electronics manufacturer, Condor Electronics. Zergoun Green Energy (ZEG), has launched a PV module manufacturing factory in Ouargla, in the homonymous province of southern Algeria.

How can Algeria achieve its energy objectives?

Algeria is putting in place major means to achieve its energy objectives, notably the production of electricity from solar energy. According to the first annual report of the Commissariat for Renewable Energies and Energy Efficiency (Cerefe), two new factories for the production of solar panels will soon see the light of day in Algeria.

What is zergoun green energy doing in Algeria?

In order to meet the growing needs of the Algerian and African solar sector, Zergoun Green Energy has also created a joint venture with Greek company Elvan to set up a production plant for metal mounting structures in Ouargla to supply the Algerian, Greek and African markets.
