

# Armenia zero-carbon energy storage equipment

## Armenia zero-carbon energy storage equipment

---

### Armenia , Climate Promise

Armenia set its unconditional mitigation target to 40% below 1990 levels and changed the NDC timeframe from 2015-2050 to 2021-2030. The country plans to increase solar energy capacity ...

#### [Product Information](#)

### [Armenia's Push for Clean Energy and Sustainable Development](#)

This includes scaling up solar energy to 15% of total production, requiring 500 megawatts (MW) of new solar capacity with storage, alongside 500 MW of wind power. With additional ...

#### [Product Information](#)

### Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg

197mm  
/7.7in

Product voltage: 3.2V

internal resistance: within 0.5

### Armenia: Energy Country Profile

Armenia: Many of us want an overview of how much energy our country consumes, where it comes from, and if we're making progress on decarbonizing our energy mix. This page ...
