

Armored Outdoor Power Supply

Overview

What products are included in a power supply system?

This includes hardened outdoor enclosures, uninterruptible power supply (UPS) modules, specialty batteries, accessories and generators that can be custom integrated to meet your application.

Does armorlogix offer weatherproof enclosures?

Each enclosure comes standard with: ArmorLogix's NEMA 3 and NEMA 4 rated outdoor weatherproof enclosures protect Access Control Panels, CCTV Recorders, Batteries, Power Supplies, Traffic Systems, and more. NEMA 3 rated enclosures are weather-resistant, protecting against falling dirt and weather hazards such as rain, sleet, snow and ice.

Are armorlogix power stations solar powered?

Because ArmorLogix is a platform based company, the possibilities are literally endless – create your own solution using either an Armorlogix weatherproof enclosure, or a power station, such as an ArmorLogix mobile solar cart or trailer, or other solar powered solutions. ArmorLogix's Power Stations are mobile or fixed, grid or solar powered.

Why do armorlogix enclosures come with a sunshade?

Cooling is a vital part of any enclosure, and that is why we ship every enclosure with equipment installed to necessitate excellent heat dissipation. Each Armorlogix enclosure comes standard with a built-in sunshade and 2x Universal Mounting Brackets, enabling true 360° cooling around the outside of your enclosure.

Where can I Mount armorlogix enclosures?

With multiple pole banding slots, users can mount ArmorLogix enclosures anywhere, even down to a 2.5-inch pole. *Ensure your mounting option can support the weight of the enclosure and installed equipment. Each enclosure

includes a blank aluminum equipment mounting plate that is both adjustable and removable.

Does TSI power offer outdoor xups?

TSI Power's Outdoor XUPS series of rugged outdoor uninterruptible power supplies is the ideal way to supply backup power in extreme environments. TSI Power offers a comprehensive suite of accessories for the Outdoor XUPS. Mounting brackets, battery heaters, maintenance bypass switches, security solutions, and more are available.
