

Bangladesh 2025 rooftop solar photovoltaic panels

Overview

18 August 2025 (IEEFA South Asia): Amid the ongoing energy crisis in Bangladesh, the government's announcement of a new programme to install rooftop solar capacity of 3,000 megawatts (MW) by December 2025 comes as a boost to the sector, a new briefing note by the Institute for Energy Economics and Financial Analysis (IEEFA) finds.

Bangladesh 2025 rooftop solar photovoltaic panels

National Rooftop Solar Programme

Several countries have implemented diverse rooftop solar programmes ranging from incentive-driven residential adoption to utility-integrated digital monitoring systems offering valuable ...
