

Belgian 5G communication base station

Overview

Which 5G network has the largest range in Belgium?

Surf superfast on the go on the 5G network with the largest range in Belgium. Telenet/BASE provides outdoor 5G coverage to 95% of the households in Belgium, according to the measurements conducted in april 2024 on behalf of the BIPT (Belgian Institute for Postal Services and Telecommunications).

Will Telenet & Base extend their 5G network in Belgium?

The recent adoption of new standards, both in Wallonia and Brussels, should enable Telenet and BASE to extend their 5G network there very soon. Luk Bruynseels, Chief Product & Technology Officer of Telenet/BASE: "We are delighted with the progress we have made in extending the coverage of our 5G network in Belgium.

Which network has the best 5G outdoor coverage in Belgium?

As such, Telenet/BASE has the best 5G outdoor coverage in Belgium, followed by Proximus with 92% and Orange with 83%. 5G is the network of the future. Ready for more users, more devices. And that's essential because we use the internet more and more every day. Lagging video and stuttering calls are now behind us.

Does 5G work in Belgium?

Operators are gradually deploying 5G in Belgium. To date, 87% of households have outdoor coverage and 68% have indoor coverage. A study shows that network performance has improved, offering higher download and upload speeds. This document is not available in your language. However, you can consult it in the following language: (FR, NL).

Which B2C network has the best 5G coverage in Belgium?

In terms of B2C territorial coverage, Telenet has the greatest 5G outdoor coverage with 85% of the Belgian territory, followed by Proximus with 75%

and Orange Belgium with 63%. Telenet has the broadest B2C 5G indoor coverage with 57% of the territory, followed by Proximus with 43% and Orange with 40%.

Does base offer 5G?

At BASE we believe our network is there to serve all our customers. And that includes those who want to use 5G now. As such, we are making 5G available with all our monthly plans, for free! Surf superfast on the go on the 5G network with the largest range in Belgium.
