

Belize Chemical Energy Storage Power Station

Overview

The project will be developed at BEL's property behind the BEL Substation on Pescador Drive, San Pedro, and is slated for completion by 2026. This project aims to strengthen the island's power supply, ensuring greater reliability and sustainability for the community of San Pedro.

Belize Chemical Energy Storage Power Station

Belize's First Energy Storage Power Station: A Game-Changer ...

In 2025, Belize flipped the switch on its first energy storage power station - a 30MW lithium-ion battery system that's turning heads from Cancún to Copenhagen.
