

# **Bolivia outdoor power supply manufacturer**

## Overview

---

The electricity sector in is dominated by the state-owned (Empresa Nacional de Electricidad), although the private Bolivian Power Company (Compañía Boliviana de Energía Eléctrica; COBEE) is also a major producer of electricity. ENDE had been unbundled into , and and privatized in the 1990s, but most of the sector.

Who produces electricity in Bolivia?

The electricity sector in Bolivia is dominated by the state-owned ENDE Corporation (Empresa Nacional de Electricidad), although the private Bolivian Power Company (Compañía Boliviana de Energía Eléctrica; COBEE) is also a major producer of electricity.

How much electricity does Bolivia import?

Bolivia's electricity export and import activities are fairly limited. Imports from Brazil amount to less than 0.01 TWh per year and have so far been devoted to supply the city of Puerto Suarez, in the Department of Santa Cruz. Electric power consumption per capita in 2006 was 588 kWh (a 19% increase since 1996).

Did Bolivia have a power grid?

During that time, Bolivia had one of the longest power transmission grids in South America with a length of several hundred kilometers, though it is unknown if these power schemes were connected before creation of the national grid in 1965. Electrification supplied larger cities and the mining sector, while rural area were mostly neglected.

Is Bolivia a good place to get electricity?

In 2005, total access to electricity in Bolivia was 67%, one of the lowest in Latin America. Urban access was 87%, while rural access remained as low as 30%. (See Recent Developments for more information on electrification plans) Service quality as measured by interruptions was much better than the LAC average in 2005.

Is Bolivia working with Brazil on a hydro-electric project?

Bolivia is working with Brazil on a huge joint project to exploit the hydro-electric potential of the Rio Madeira complex in the Amazon region. Within this project are the 800 MW Cachuela Esperanza plant sited entirely in Bolivia and the Guajara-Mirim plant (3000 MW) to be located on the border between the two countries.

How many transmission companies are there in Bolivia?

Currently, there are three transmission companies which operate the high-voltage Interconnecting Trunk System (STI), the backbone of the SIN. ENDE Corporation, ISA Bolivia, which was created in 2005, and San Cristobal TESA.
