

## Bosnia and Herzegovina Energy Storage Power Generation Project Construction

#### **Overview**

Which is the largest solar power plant in Bosnia & Herzegovina?

20 May 2025 - Aurora Solar started building a 125 MW solar power plant near Stolac. It is set to become the largest in Bosnia and Herzegovina. 15 May 2025 - The State Electricity Regulatory Commission is drafting a decision on BESS, Mirza Kušljugić said at Belgrade Energy Forum 2025.

Why is Bosnia & Herzegovina's energy sector so vulnerable?

This delay persists despite the ENTSO-E cybersecurity report from 2022, which identified Bosnia and Herzegovina's energy sector as one of the most vulnerable in the region due to outdated infrastructure and insufficient cybersecu-rity investments.

How many companies operate the gas Trans-mission system in Bosnia and Herzegovina?

Three companies in Bosnia Herzegovina operate the gas trans-mission system. In the Federation of Bosnia and Herzegovina, one company operates the transmission network as an exclu-sive and sole task in line with the Decree on Organisation and Regulation of the Gas Sector, but there is no legal basis for unbundling under the Third Energy Package.

Is there a peci project in Bosnia and Herzegovina?

There is no PECI project in the territory of Bosnia and Herzegovina, chosen under the procedure launched in 2024 for the Energy Community which relates to gas or hydrogen.

Should Bosnia and Herzegovina adopt a long-term building renovation strategy?

Bosnia and Herzegovina should adopt a long-term building renovation strategy, establish an energy efficiency obligation scheme, and complete heating and cooling assessments. Regulation (EU) 2019/941 should be

transposed and the risk-preparedness plan developed. Commission Regulation (EU) 2017/2196 should be fully transposed.

Does Bosnia and Herzegovina have a national energy and Climate Plan?

Bosnia and Herzegovina submitted an updated descriptive part of its National Energy and Climate Plan (NECP) on 28 June 2024, as well as a summary of how the Secretariat's recommenda-tions had been taken into account.

### Bosnia and Herzegovina Energy Storage Power Generation Project (

## Arctech Wins a 125MW Solar Project in Bosnia and Herzegovina

Bosnia and Herzegovina, situated in Southeastern Europe, receives an average annual solar radiation of approximately 1,500 kWh/m2, offering substantial potential for the ...

**Product Information** 

#### Bosnia and Herzegovina Energy Sector

Investment programs encompass a number of the development projects, based on coal, hydro and renewable energy sources, including both expansion of existing and construction of new ...
