

Burundi Solar Panel Huijue

Overview

Why is Burundi launching a solar PV plant?

The pioneering 7.5 MW solar PV plant has increased Burundi's generation capacity by over 10%, and is the country's first substantial energy generation project to go online in over three decades, supplying clean power to tens of thousands of homes and businesses – just before the start of COP26. (Video).

Will Burundi's first grid-connected solar farm light up the country's energy system?

UK Minister for Energy, Clean Growth and Climate Change, Greg Hands, said: "Today's launch of Burundi's first grid-connected solar farm will light up the nation's energy system. It will strengthen the national grid supply and propel forward a promising future for the country in clean, green energy.

Who is distributing hand-held solar chargers in Burundi?

Remarks by Michael Fichtenberg, MD of Gigawatt Global Burundi SA at a ceremony distributing hand-held solar chargers to community leaders at a football match in the early stages of the project, featuring Patrick Nzitunga, Assistant MD, and the Honorable Jean Jacques NYENIMIGABO, MP of Mubuga zone: .
