

Columbia Power Plant Energy Storage Equipment

Overview

What is the Columbia Energy Storage Project?

Utilizing cutting-edge technology designed by Energy Dome, the Columbia Energy Storage Project will boost grid stability, improve resilience and deliver enough electricity to power approximately 18,000 Wisconsin homes for 10 hours on a single charge.

What is Alliant Energy's Columbia Energy Storage Project?

Alliant Energy's revolutionary Columbia Energy Storage Project, using Energy Dome's safe, reliable CO₂ battery, represents a significant advancement in energy storage while bolstering the power grid to benefit Wisconsin customers.

Will Columbia energy storage project get state regulatory approval?

In August, an application for state regulatory approval was filed for the Columbia Energy Storage Project.

Where will a new energy storage system be built?

The energy storage system will be built south of Portage, Wisconsin in the town of Pacific and near Alliant Energy's existing Columbia Energy Center. Construction is expected to begin in 2026 and be completed by the end of 2027.

How do energy storage systems work?

Then, when the stored energy is needed, the system converts the liquid CO₂ back to a gas, which powers a turbine to create electricity. The energy storage system will be built south of Portage, Wisconsin in the town of Pacific and near Alliant Energy's existing Columbia Energy Center.

How much energy will a new energy storage system provide?

The 18-megawatt facility would be capable of providing the co-owners at least 10 hours of energy storage, enhancing reliability and dispatchability on the grid by storing energy to help meet peak demand. Pending approval, the energy storage system is expected to be operational by the end of 2027.

Columbia Power Plant Energy Storage Equipment

Used Nuclear Fuel Storage

Columbia Generating Station stores all of its used fuel assemblies on site. After spending six years in the reactor core, used fuel assemblies are stored in a deep pool adjacent to the reactor.
