

Communications 5G base station bidding exceeded expectations

Overview

Will China build a 5G base station next year?

Technicians from China Mobile check a 5G base station in Tongling, Anhui province. [Photo by Guo Shining/For China Daily] China aims to build over 4.5 million 5G base stations next year and give more policy as well as financial support to foster industries that can define the next decade, the country's top industry regulator said on Friday.

Which companies have been awarded a 5G contract?

Smaller contracts were also awarded to Datang Mobile Communications Equipment, Ericsson, and Nokia Shanghai Bell. China Mobile plans to operate more than 1.6 million 5G base stations this year, increase its number of cloud servers by more than 240,000 units, and add 40,000 external data center racks.

How much did ZTE win a 5G bid?

ZTE's winning bid amount exceeded 2.07 billion yuan (\$280 million). The expansion and centralized procurement of self-built 5G 2.6GHz/4.9GHz base stations. The telecom company co-built and shared 5G 700MHz base station equipment (using a single source method), with a total scale of more than 412,700 stations, and Huawei won the bid.

Who won 5G wireless network equipment centralized procurement contract?

Huawei has won a \$574 million (4.1 billion yuan) 5G wireless network equipment centralized procurement contract. This contract by China Mobile will be carried out from 2023 to 2024. According to the information, this round of centralized procurement is divided into two projects – 2.6GHz/4.9GHz and 700M.

Will 5G Revolution & 6G innovation be a priority next year?

The move comes as the country charted its vision for industrial growth during

a two-day work conference of the Ministry of Industry and Information Technology. With 4.19 million 5G base stations already in operation, the industry regulator said that "promoting 5G revolution and 6G innovation will be one of the priorities" next year.

Who won a 5G contract in China?

Meanwhile, Ericsson, Nokia Shanghai Bell, Datang Mobile, and others also made it up to the list. As the most prominent player, China Mobile awarded a nearly 4.1 billion yuan (\$574 million) bid to Huawei for its 5G procurement contract. ZTE's winning bid amount exceeded 2.07 billion yuan (\$280 million).
