What makes cosuper a great inverter supplier?

With the principle of “cool life, superpower”, Cosuper is committed to becoming one of the world's best inverter suppliers of residential energy storage systems, outdoor power systems, and retrofit automotive power systems.

What is solar inverter charger?

Solar inverter charger is an all in one off grid inverter, which is designed with power inverter, ac charger and solar charge controller. This “all-in-one” solar hybrid system not only offers smart operating modes, but also switch between available resources such as solar, battery, and external AC power.

What is a cosuper inverter charger?

Widely used in emergency backup power, solar power system, vehicles, boat and camping ect. COSUPER Inverter charger is a combination of an inverter, battery charger and transfer switch into one robust and compact system, this multi-faceted product supplies a stable power for marine, camper, vehicle, backup system and off grid solar system.

Who is cosuper inverter company?

At COSUPER inverter company, a group of dedicated engineers with a passion for innovation, a wealth of expertise, and a desire to develop the best inverter and battery for sale, work hard to push the boundaries of what's possible in electrical systems and component technology.

What is a high frequency inverter?

The high frequency inverter is small in size, light in weight, low in no-load loss, and has an efficiency of over 90%. Good pure sine wave inverters provide alternating current without electromagnetic pollution, and they are compatible with almost all electronic products, gadgets and appliances.
