Who is flat pack container storage?

We redefine convenience and reliability in container storage. We are a wholesale distribution company of Flat Pack Container storage units . We work with our manufacturers to provide wholesale pricing and distribution to our customers around the globe.

What is a flat pack shipping container?

Flat pack shipping containers for sale online. Flat pack containers are modular, which means although they come in three sizes, they give you the flexibility to create areas of storage space beyond those three sizes. Join them up end-to-end, or side-by-side with a linking kit to the size you require.

What is a 3m flat pack container?

For reference, a 3m flat pack container is around the same size as our standard 10ft shipping containers. Find flat pack containers for sale on our site. A quick assembly, modular solution for secure on-site storage.

Are flat pack containers a good choice?

Efficient Transport: Flat Pack Containers are compatible with conventional transportation methods, making them an excellent choice for the hassle-free transportation of goods. They also serve as a practical option for mobile storage solutions.

Why should you choose a flat pack container storage unit?

Flat Pack Container storage units create a great experience from the start to when the shipment arrives at your facility. Our containers present a versatile and cost-effective solution for self-storage facilities, catering to both the establishment of new facilities and the expansion of existing ones.

How many sea containers do I need for wholesale pricing?

The minimum requirement is one sea container per order to be eligible for wholesale pricing. Flat Pack Container is the exclusive distributor of our products in North America and cannot be beaten on quality and price. Perfect for mini storage or large storage facilities.
