

Georgia Photovoltaic Module Production Project

Overview

Qcells will build a new facility in Cartersville and add a third facility to its Dalton location, creating more than 2,500 new jobs in northwest Georgia. These investments are expected to bring Qcells' total solar panel production capacity in Georgia to 8.4 gigawatts by 2024.

Georgia Photovoltaic Module Production Project

[LPO Announces \\$1.45 Billion Loan Guarantee to Qcells to ...](#)

Once fully operational, the facility is expected to produce 3.3 GW of solar panels per year, enough to supply panels to half a million American households. As a result, the ...
