

Greek solar energy storage supplier

Overview

Why is Akuo a good investment for Greece?

In Greece, as in many other parts of the world, storage solutions and their ability to provide grid services are essential for energy transition. Akuo is one of the worldwide pioneers in this segment and intends to develop assets to bring this high level of expertise to Greece.

What is Wärtsilä energy storage?

Wärtsilä Energy Storage is driving the transition to a 100% renewable energy future. We combine time-tested technology with deep grid expertise, helping customers and the energy sector accelerate global decarbonisation.

How many GWh of energy storage has Wärtsilä deployed?

We have deployed or contracted over 17 GWh of energy storage across more than 130 sites worldwide. Backed by Wärtsilä's reputation as a bankable and reliable partner, our comprehensive system-level approach to battery energy storage technologies stands apart.
