

Huawei Battery Energy Storage in Georgia

Overview

A 128-megawatt battery facility will be colocated with an existing solar facility adjacent to Robins Air Force Base in Bibb County, Georgia. It will utilize the existing infrastructure, thereby eliminating potential expenses and speeding up the project's development, according to the report.

Huawei Battery Energy Storage in Georgia

Utility company announces next-gen facilities capable of powering

Georgia Power recently announced that construction is underway for four new battery energy storage systems in strategic counties across the state to support energy ...
