

Huawei communication base station module power supply

Overview

The Huawei R4850G2 is a very capable 48V Telecommunications grade power supply available brand-new at cheap surplus prices (normally under \$100 USD). Rated at 3000W, it can deliver a considerable 56.

Huawei communication base station module power supply

Power Supply

Use the UPS or inverter power supply system if the communication load requires non-interruptible and non-transient AC power supply. Equip the site with the electric generator set to ensure ...
