China's tech giant claims 1,800-mile range for solid-state EV battery

Huawei has filed a patent detailing a sulfide-based solid-state battery design with energy densities between 180 and 225 Wh/lb, roughly two to three times higher than today's typical electric

[Product Information](#)

Introducing BESS battery storage

This battery solution is ideal for integration with renewable energy sources such as solar panels. It allows the storage of excess energy produced during sunny days and its use ...

[Product Information](#)

Solution-OUTDO Battery , Motorcycle Starting and Energy Storage ...

The energy storage system provides a stable and efficient power management solution for home/industry and other areas through intelligent energy storage technology.
