

# **Hungary mobile pack battery**

## Overview

---

Who is installing Megapack battery in Hungary?

MET Group is the first to install Megapack battery in Hungary, as part of the innovation project being implemented at the gas fired Dunamenti Power Plant. The energy storage unit will be installed in the summer of 2022.

Who makes EV batteries in Hungary?

The only exception is BYD, which operates (among others) a bus assembly plant in Hungary and uses its own batteries. In below, we provide a slight overview about the EV battery producer companies which already operate manufacturing plants in Hungary or announced to do so in the near future.

Why are EV traction batteries made in Hungary?

Over the last years, many of the leader EV traction battery manufacturers and their suppliers chose Hungary as the location of their newly established manufacturing plants. This is in line with the goal of the Hungarian government to become one of the main battery producer countries not only in Europe, but also at global level.

Should Hungary invest in EV battery plants?

Within the European Union, Hungary puts a particularly high stake on EV battery plants, in the hope that it will find itself among the leading countries of an emerging industry within a few years. Commitment to green mobility is not the only motivation for attracting large battery manufacturers to the small Central European country.

How many GWh a year does a battery produce in Hungary?

Indeed, by November 2023, battery production capacity in Hungary reportedly already reached 87 GWh/year, not including the newest SK Innovation plant, which is expected to begin production soon and to provide an additional output of 30 GWh/year alone when operating on full throttle.

Is a new BMW battery factory coming to Hungary?

According to the rumours, this facility would produce 46120-type cylindrical cells, to be used exclusively in BMW cars – more precisely, the planned new manufacturing unit is expected to supply the also recently-announced BMW battery module assembly plant in Debrecen, Hungary.
