

# **Is it safe to use outdoor power supply in Sao Tome and Principe**

## Overview

---

Do I need a travel adapter in Sao Tome & Principe?

The electrical outlets and power plugs in Sao Tome and Principe are of types C & F (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.

Are there power plugs in Sao Tome & Principe?

The power plugs in Sao Tome & Principe are the standard European 220V dual-pin power plugs. Everyone except mainland Europeans will have to bring a power adapter. Power cuts are very normal, so be sure to bring a flashlight. Very few villages outside the capital have electricity.

Are there electrical outlets in Sao Tome & Principe?

No, the electrical outlets in Sao Tome and Principe are different from those in the United States. In Sao Tome and Principe electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Sao Tome and Principe?

.

Can I connect my laptop charger to an electrical outlet in Sao Tome & Principe?

Yes, you can connect your laptop charger to an electrical outlet in Sao Tome and Principe as long as the outlet is compatible with the charger's voltage and plug type. In Sao Tome and Principe, the standard voltage is 220V and the standard frequency is 50Hz.

What is the standard power socket voltage in Sao Tome & Principe?

All power sockets in Sao Tome and Principe provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in

Sao Tome and Principe if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Do I need a voltage converter in Sao Tome & Principe?

The voltage used in Sao Tome and Principe is 220V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Sao Tome and Principe. If the voltage and/or frequency in your country is different, you should check if your devices are dual voltage.
