

Is there a market for energy storage power in Barbados

Overview

Barbados has launched a significant tender for the installation of 200 MW of battery storage systems, aiming to enhance the integration of renewable energy into its national grid.

Is there a market for energy storage power in Barbados

[Government moving to address grid storage challenges](#)

Barbados' rapid expansion of solar energy has led to an oversupply of generation, but a lack of corresponding storage capacity has placed strain on the grid.
