

Kiribati Solar Energy Storage Battery Company

Overview

Who owns solar power in Kiribati?

The government-owned Public Utility Board supplies diesel generated power in South Tarawa. The Kiribati Solar Energy Company provides electricity to outer islands through solar home systems. Initially formed in 1984 by an NGO, the company is now owned entirely by the government. There is little private sector involvement.

Who is Kiribati green energy solution?

Kiribati Green Energy Solution, a State-Owned Enterprise was established on 14 November 1984 under the Company Ordinance Cap 10A. It is a leading Government implementing agency in the energy sector deal with any renewable energy initiatives in Kiribati.

What is the Kiribati grid connected solar PV project?

Ending in 2018, the Kiribati Grid Connected Solar PV Project is coordinated by the World Bank and funded through a US\$1 million grant from the Global Environment Fund (GEF) and a US\$2.92 million grant from the Government of Australia, through the Pacific Regional Infrastructure Facility (PRIF).

Why was Kiribati solar energy company renamed in 2020?

In 2020, the reformation and renaming of the Company (commonly known then as Kiribati Solar Energy Company) was conducted with the core objective is to broaden its scope in providing services with renewable energy including solar energy, wave energy, wind energy and other RE technologies that is applicable in Kiribati.
