

Kosovo Communications Company to jointly build 5G base stations

Overview

Does Telecom of Kosovo have a 5G network?

In December, Telecom of Kosovo signed a deal with Ericsson Nikola Tesla, a Croatian subsidiary of Ericsson, to modernise the operator's mobile network, including 5G broadband. Kosovo's state telecom operator Telecom of Kosovo, a business unit of Post and Telecom of Kosovo trading as Vala, will start delivering 5G services .

How will Ericsson 5G impact Kosovo Telecom?

The integration of Ericsson's 5G solutions into Kosovo Telecom's infrastructure is poised to overhaul the region's telecommunications framework. With 5G implementation, Kosovo Telecom is set to boost connectivity, offering its customer base enhanced network performance, faster data transmission, reduced latency, and greater capacity.

What is Kosovo Telecom partnering with Vala?

This agreement is a key step in Kosovo Telecom's comprehensive strategy to modernize its Vala mobile network, comprising 400 base stations. Kosovo Telecom's CEO, Burbuqe Hana, shared her enthusiasm for the partnership, highlighting its transformative impact on Kosovo's telecommunications landscape.

Will Nikola Tesla & Kosovo Telecom bring a new era of Technology?

The combination of Ericsson Nikola Tesla's technological prowess and Kosovo Telecom's dedication to network modernization heralds a new era of advanced connectivity and technological growth in Kosovo.

Will Telekom return as a leader in telecommunications services in Kosovo?

The lack of investments, platforms and old technology are challenges that Telekom has been facing for more than seven years, but the company is already on a good path "to return as a leader in telecommunications services

in the Republic of Kosovo”, Burbuqe said.
