

LCD screen outdoor power supply

Overview

Why should you use an outdoor LCD screen?

Ideal for outdoor events, the outdoor LCD screen can broadcast event schedules or sponsor messages, even in bright sunlight or rainy conditions, ensuring your information stands out to attendees.

Why should you choose a premium outdoor LED screen?

Our premium outdoor LED screens deliver exceptional visual performance, making it the perfect choice for businesses aiming to enhance their outdoor advertising strategies. High Brightness Levels: Ensures clear visibility in any environment. Wide Viewing Angles: Engages your entire audience effectively.

Where can I install BrightEdge pro outdoor LED screen?

Install BrightEdge Pro outdoor LED screen in public spaces like parks or town squares to share community event announcements or public service messages, ensuring everyone in the area can see and engage with the information easily.

What makes The UltraClear a good screen?

Its IP66 protection rating guarantees durability against weather elements, while the high-temperature resistance from 80°C to -30°C offers reliable performance in extreme conditions. The UltraClear features an ultra-narrow 38mm frame and ultra-thin 98mm thickness, maximizing screen space and providing a sleek aesthetic.
