

# **Large megawatt solar integrated machine**

## Overview

---

What is a Sungrow central inverter?

Sungrow central inverters come in power outputs ranging from 500 kW to 6.8 MW, suitable for utility-scale applications such as industrial facilities and commercial buildings.

Who can install a Meyer Burger Solar System?

Contact installers and dealers in your region who can install a system with Meyer Burger solar modules for you or offer you the desired solar products for sale. The community of Meyer Burger installers is constantly growing - check back regularly if you have not yet found a suitable supplier. SolarLoggia GbR - Inh.

Are Meyer Burger solar modules a good investment?

The vast majority of solar modules produced worldwide are based on technologies developed by Meyer Burger. With Meyer Burger solar modules you gain more yield on the same area. That makes our modules the best investment in a sustainable future. Discover a selection of projects from over 30,000 satisfied customers on this page.
