

Largest battery energy storage project

Overview

BYD Energy Storage and Saudi Electricity Company (SEC) have signed a contract to deliver the world's largest grid-scale energy storage project totalling 12.5GWh. This milestone supports Saudi Arabia's Vision 2030, which targets 50% renewable energy in the national mix by the end of the decade.

Largest battery energy storage project

NYCEDC Advances Green Economy Action Plan with Support of Major Battery

Once completed, the project will be largest battery storage installation in New York City and one of the largest in New York State, and it alone will meet one-fifth of the city's ...
