

Liechtenstein Mobile Communications Green Base Station

Overview

Does Liechtenstein have a mobile phone system?

The Liechtenstein mobile phone system is attached to Switzerland. This means that customers of all three providers can roam in Switzerland on Swiss networks without additional fees. This applies to data too.

Does Liechtenstein have a telecommunication network?

The Principality of Liechtenstein has a well-developed telecommunication infrastructure with high penetration rates above the regional average both for fixed and mobile services. Focusing on the investments of state-owned companies, Liechtenstein has been expanding its fibre-optic network since the mid-1990s.

How has Liechtenstein's telecommunications sector changed?

Liechtenstein's telecommunications sector has seen growth in mobile data services, and operators have been working to meet the growing connectivity needs of the population. The presence of multiple operators, including MVNOs, provides consumers with choices and options for mobile communication, which has led to better services and pricing.

Will Telecom Liechtenstein expand its 5G network in 2023?

Telecom Liechtenstein received approval to expand its 5G network the Principality of Liechtenstein in January 2023 by acquiring the rights to use frequencies through reallocation. TLI will expand its 4G/LTE network capacity and introduce 5G, the most powerful mobile communications standard currently available, to FL1 customers by mid-2023.

Who is the largest mobile operator in Liechtenstein?

After the successful roll-out of the fiber optic core network in Liechtenstein, Telecom Liechtenstein and Nokia have also signed the contract to expand their 5G network. Swisscom "Liechtenstein" is the largest mobile operator in

Switzerland and also in Liechtenstein. Hence, it is also the largest mobile operator in Liechtenstein.

What is a mobile virtual network operator (MVNO) in Liechtenstein?

Liechtenstein may have Mobile Virtual Network Operators (MVNOs) that lease network access from the major operators to provide niche services or cater to specific customer segments. These operators often offer specialized plans and services.
