

Myanmar Energy Storage Power Station Manufacturing Company

Overview

Who owns Sino-Myanmar power station?

The Sino-Myanmar power station is owned by the Yunnan company, which holds 80pc of the joint-venture. The company will be fully in charge of the project construction, operation, and management for 40 years after its completion, and then transfer it to the Myanmar government.

How much electricity does Myanmar get from power stations?

Under all the joint-venture agreements, Myanmar is entitled to get 10 to 15 percent of the annual electricity generation from the power stations free of charge.

Is MEPE building a power station in Myanmar?

MEPE is expected to begin work soon on building a 33-MW power station in Myanmar. The project will have one gas-powered turbine and another that uses steam. Most of the project funding is to be provided by the Japanese government.

Will coal take a greater share of Myanmar's energy mix?

Myanmar Online. Retrieved 29 May 2013. ^ "Changing priorities: Coal is set to take a greater share of the country's energy mix". Oxford Business Group. ^ "Energy-sector delegation to visit Myanmar". The Nations. Archived from the original on August 8, 2017. Retrieved 2 June 2012. ^ "Coal Power Plants to Go Ahead in Tanintharyi". Eleven Myanmar.
