

LiFePO4
12.8V 150Ah

CAUTION!
Do not short circuit.
Do not use in applications where overcharging or over-discharging may occur.
Do not use in applications where high temperatures may occur.
Do not use in applications where high humidity may occur.
Do not use in applications where high vibration may occur.
Do not use in applications where high shock may occur.
Do not use in applications where high pressure may occur.
Do not use in applications where high speed may occur.
Do not use in applications where high acceleration may occur.
Do not use in applications where high deceleration may occur.
Do not use in applications where high frequency may occur.
Do not use in applications where high power may occur.
Do not use in applications where high current may occur.
Do not use in applications where high voltage may occur.
Do not use in applications where high energy may occur.
Do not use in applications where high risk may occur.
Do not use in applications where high danger may occur.
Do not use in applications where high harm may occur.
Do not use in applications where high damage may occur.
Do not use in applications where high loss may occur.
Do not use in applications where high cost may occur.
Do not use in applications where high waste may occur.
Do not use in applications where high pollution may occur.
Do not use in applications where high noise may occur.
Do not use in applications where high vibration may occur.
Do not use in applications where high shock may occur.
Do not use in applications where high pressure may occur.
Do not use in applications where high speed may occur.
Do not use in applications where high acceleration may occur.
Do not use in applications where high deceleration may occur.
Do not use in applications where high frequency may occur.
Do not use in applications where high power may occur.
Do not use in applications where high current may occur.
Do not use in applications where high voltage may occur.
Do not use in applications where high energy may occur.
Do not use in applications where high risk may occur.
Do not use in applications where high danger may occur.
Do not use in applications where high harm may occur.
Do not use in applications where high damage may occur.
Do not use in applications where high loss may occur.
Do not use in applications where high cost may occur.
Do not use in applications where high waste may occur.
Do not use in applications where high pollution may occur.
Do not use in applications where high noise may occur.

Overview

Do you need a flexible battery energy storage system?

So you need a flexible battery energy storage system that is quick to deploy and easy to scale, with smart services, unlocking the flexibility market and creating new revenue streams. The Power Base 600 is a robust energy storage system on a steel frame with the footprint of a standard ISO 20-foot container.

What is a power base 600?

The Power Base 600 is a robust energy storage system on a steel frame with the footprint of a standard ISO 20-foot container. It comes pre-wired and pre-configured to reduce installation cost and delivery time, and can hold up to 12 Pixii PowerShaper2 cabinets, with a maximum power capacity of 600kW.

Can powerbase cabinets be fitted with air conditioning?

The cabinets can be fitted with air conditioning or fan cooling for hot climates. The PowerBase 600 is quick to deploy and can be placed on a leveled ground, or on eight solid resting points, significantly reducing on-site preparations, civil work and installation time. PowerBase is easy to relocate at a later need. Battery Type Max No: Max kW*

New Energy Battery Cabinet Frame ESS Power Base Station

Outdoor Photovoltaic Energy Cabinet

The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems. It ...

[Product Information](#)

[BESS Commerical Energy Storage Cabinet System](#)

This integrated energy storage solution widely used in power systems, industrial, and commercial applications. All-in-one design, store the leading brands of 19" ...

[Product Information](#)

Energy Storage Cabinet, energy storage system, New Energy ...

The base station energy storage solution generally adopts a redundant design to ensure that it can quickly switch to the backup power supply when the main power fails or the power ...

[Product Information](#)

[Battery storage power station - a comprehensive guide](#)

A battery storage power station, also known as an energy storage power station, is a facility that stores electrical energy in batteries for later use. It plays a vital ...

[Product Information](#)

[BESS Commerical Energy Storage Cabinet System , AZE](#)

This integrated energy storage solution widely used in power systems, industrial, and commercial applications. All-in-one design, store the leading brands of 19" rack mount type lithium ...

[Product Information](#)

258kWh All-in-one ESS Cabinet

Stars Series 258kWh Cabinet ESS delivers safe, efficient, and scalable energy for C& I, renewables, and EV charging. It features >89% efficiency, smart EMS, liquid cooling, and dual ...

[Product Information](#)

FlexCore ESS Series-Commercial & Industrial Energy Storage ...

Explore advanced integrated energy storage cabinets designed for utility, commercial and industrial scenarios. Supporting peak shaving, load shifting, and renewable integration with ...

[Product Information](#)

Energy Storage ESS Cabinet with 50kW Lithium Battery , Anern

With a capacity of 114KWH and a power output of 50KW, it ensures a stable energy supply, peak shaving, and load-shifting capabilities. The 114KWH ESS energy storage cabinet is the perfect ...

[Product Information](#)

ESS Series - LiFePO4 Technology - Energy Storage Power Station

ESS Storage Energy System The energy storage system has the feature of high energy density and flexible configuration and can be applied for user-side energy storage, power generation ...

[Product Information](#)

New Solar System All in on Ess Battery Cabinet Energy Storage ...

New Solar System All in on Ess Battery Cabinet Energy Storage System 48V 220V AC Solar Battery for Villa, Home, Office, Farm, Telecom Base Station Power Supply, Find Details and ...

[Product Information](#)

Building a cloud-based energy storage system through digital

Battery energy storage systems (ESS) have been widely used in mobile base stations (BS) as the main backup power source. Due to the large number of base stations, ...

[Product Information](#)

Indoor Photovoltaic Energy Cabinet

Indoor Photovoltaic Energy Cabinet is an integrated device of photovoltaic power generation system installed in the communication base station room. It converts the direct current ...

[Product Information](#)

Solar Energy Lithium Battery and Inverter Storage Cabinet Solution

The all-in-one air-cooled ESS cabinet integrates long-life battery, efficient balancing BMS, high-performance PCS, active safety system, smart distribution and HVAC into one cabinet, ...

[Product Information](#)

[Keheng 1mw battery container 300kw 500kw 800kw ESS](#)

Product details Application scenario of keeping energy storage container energy storage system pv station 2. wind grid side power station 3. frequency regulation 4. grid side 5. industrial and ...

[Product Information](#)

[Site Battery Storage Cabinet, Base Station Energy Storage](#)

A Site Battery Storage Cabinet is a modular energy backup unit specifically designed for telecom base stations. It houses lithium-ion batteries (typically LFP), BMS, EMS, and optional thermal ...
