

# **New Zealand 300 degree lithium battery pack**

## Overview

---

Do I need an external BMS for a lithium smart battery?

This Lithium Smart Battery range requires an external BMS – [Click here for an overview](#). NG Series 12.8V 300Ah 3840Wh LiFePO4 Battery Module Victron Energy Lithium NG batteries are Lithium Iron Phosphate (LiFePO4 or LFP) batteries available with a nominal voltage of 12.8V, 25.6V and 51.2V in various capacities.

Why do you need a mounting bracket for a lithium ng battery?

Mounting brackets make the installation easier and ensure that the battery is optimally secured against slipping and tipping over. The Lithium NG batteries are effectively sealed against dust and can withstand low-pressure water jets, making them suitable for environments where exposure to dust and water is a concern.

Where can I buy Li-ion/Li-Po rechargeable batteries?

Shop li-ion/li-po rechargeable batteries at Jaycar. [Click & Collect](#) today or choose free delivery on selected online orders over \$99. Browse the full range online now!
