

Niue home energy storage battery supplier

Overview

Who is niuess energy storage company?

Being known as an energy storage company, NIUESS has adhered to independent R&D, design, production and sales since its establishment. We manufacture different types of energy storage devices and export them all over the world. We have been committed to realizing the beautiful vision of “green technology, better life”.

What types of energy storage systems can niuess provide?

For residential use, we can provide integrated and stacked home storage systems with capacities of 5 kWh to 30 kWh. For large-scale industrial and commercial energy storage projects, we also have container energy storage cabinets and distributed storage cabinets. As a energy storage company, NIUESS is a reliable choice for customers.

What is MFAT doing in Niue?

MFAT is in the ‘awaiting approval’ stage of a Solar PV, Battery Energy Storage System (BESS) and electrical grid upgrade project in Niue. The current scope of the project includes the design, procurement, installation, and commissioning of: Furthermore, it is expected the EPC contractor will include provision for a 2 year O&M contract.

Who is niuess?

NIUESS has 20 years of experience as battery storage manufacturer, equipped with professional energy storage engineers. Leading portable power station manufacturers.
