

North Macedonia lithium battery energy storage solution

Overview

Here are some key points:

- Cost: Lithium-ion batteries for storage are averaging €450–€600 per kWh¹.
- Investments: The country is attracting investments in battery factories, with projects worth up to EUR 360 million underway².
- Hybrid Solutions: There are initiatives combining lithium-ion batteries with other technologies for effective energy storage³.
- Energy Storage Projects: The North Macedonia Energy Storage Container Project is a significant development aimed at enhancing renewable energy integration⁴.
- Local Production: A new factory for lithium-ion battery systems is being established, with an investment of €65 million⁵. [pdf]

North Macedonia lithium battery energy storage solution

Fortis inks deal for batteries for North Macedonia's largest PV plant

Fortis Energy said it hired Pomega Energy Storage Technologies (PESS) to install a lithium ion battery energy storage system (BESS) of 62 MW in operating power.
