What are outdoor power strips?

Outdoor power strips are a convenient and practical solution for anyone who wants to power multiple outdoor devices. These power strips are designed to withstand the elements, making them perfect for use in gardens, patios, or decks.

Are all surge protectors suitable for outdoor use?

Remember that not all surge protectors are suitable for outdoor use. It is crucial to choose surge protectors explicitly designed for outdoor applications,

which typically have an Ingress Protection (IP) rating to indicate their weather resistance.

Can you use a power strip outside?

Never Use Indoor Power Strips Outdoors While there are power strips that are designed for outdoor applications, unless your strip's packaging specifically says it's suited for outdoor use, it's not designed to stand up to weather and water. Keep it inside and find one you can use safely out in the elements.
