

# **Overseas market share of photovoltaic inverters**

## Overview

---

The global demand for solar energy has been steadily increasing owing to the enhanced efficiency of these systems. Higher efficiency means that more of the captured sunlight is converted into usable electricity, which ultimately leads to better overall system performance and increased energy yields.

PV Inverter Market size was valued at USD 13.32 billion in 2023 and is estimated to expand at a CAGR of 7.7% between 2024 and 2032. A photovoltaic inverter, referred to as a solar inverter, is an essential device in a solar energy system. It converts DC (direct.

String PV inverter market dominated around USD 13.9 billion revenue in 2022. String inverters, which process the DC electricity from.

The worldwide outbreak of coronavirus has had tremendous impact on the economy around the world. The COVID- 19 influenced the supply chain, elevating the prices of.

The major companies operating in the PV inverter market includes 1. General Electric 2. SMA Solar Technology AG 3. Sungrow 4. Growatt.

What is the global solar PV inverter market?

The global solar PV inverter market is segmented by inverter type and application. Based on inverter type, the global market is bifurcated into central inverters, string inverters, and micro-inverters. The central inverters segment dominates the global market. The central inverter is a huge grid feeder.

What is the market share of solar PV inverters in 2023?

According to the Solar Energy Industries Association (SEIA), prices for solar PV installations have fallen 43% over the last 10 years in California, U.S. Based on product, the string PV inverter segment emerged as the leading segment with the maximum revenue share of 47.10% in 2023.

Which region has the largest solar PV inverter market?

Asia-Pacific is the most significant global solar PV inverter market shareholder and is expected to expand substantially during the forecast period. The Asia-Pacific's substantial consumer base and the presence of key participants account for the dominant share of the region.

How competitive is the market for PV inverters?

The market for PV inverters is highly competitive and moderately fragmented due to the presence of numerous market players. The dominant trend in operations of these solar companies includes vertical integration, which defends against market power and reduces competition.

What is the global demand for PV inverters in 2022?

The global PV demand of 201 gigawatt alternating current (GWac) in 2022 contributed to 48% growth year-over-year for PV inverters. In terms of inverter shipments, strong growth in Europe, Asia Pacific, and the United States where government support bolstered to meet clean energy goals led to a total of 333 GWac of global shipments in 2022.

Which country has the largest PV inverter market in 2023?

The U.S. emerged as the largest market in North America in 2023. It is a significant market for different types of PV inverters. Some recent inverter trends in the U.S. include an increase in the sizes of central inverters (1.5 MW plus) and three-phase string inverters (60 kW).

## Overseas market share of photovoltaic inverters

---

### [Photovoltaic Inverter Market Research Report 2033](#)

Regionally, the Asia Pacific market dominates the global photovoltaic inverter landscape, accounting for the largest share in 2024 due to substantial solar capacity additions in China, ...

### [Product Information](#)

### Top 10 solar PV inverter vendors account for 86% of global market share

The top 10 global solar photovoltaic (PV) inverter vendors accounted for 86% of market share in 2022, increasing by 4% year-over-year since 2021, according to latest ...

### [Product Information](#)

### Photovoltaic inverter industry: Domestic enterprises accelerate

Domestic enterprises are accelerating their overseas layout, and the international market penetration rate is expected to continue to increase: In recent years, domestic inverter ...

### [Product Information](#)

### Chinese Photovoltaic Inverter Manufacturers Lay Out Overseas ...

Chinese inverter manufacturers have quickly entered the local photovoltaic terminal market by building overseas production bases. In 2018, Sungrow Power and Shangneng ...

## [Product Information](#)

### [PV Inverter Market Size, Share & Trends Analysis, 2025-2033](#)

Asia-Pacific dominates the PV inverter market with a share exceeding 40%. China and India are at the forefront, with China contributing nearly 35% of global solar capacity.

#### [Product Information](#)

### [Photovoltaic Inverter Market Size, Growth, Trends, ...](#)

Photovoltaic Inverter Market growth is projected to reach USD 79.3 Billion, at a 13.67% CAGR by driving industry size, share, top company analysis, ...

#### [Product Information](#)

### **Solar PV Inverter Market Size, Share, Growth Analysis , Industry ...**

According to the International Energy Agency's (IEA) Photovoltaic Power Systems Programme (PVPS), in 2021, the Asia-Pacific region will account for 63% of global installed solar PV ...

#### [Product Information](#)

### [PV Inverter Market Size, Share And Growth Report, ...](#)

The constant economic growth in nations such as the U.S., China, and India as well as developments in supply chain and favorable government policies ...

#### [Product Information](#)

### [PV Inverter Market Size, Share & Forecast Report, 2025-2034](#)

The global PV inverter market was valued at USD 34.6 billion in 2024 and is estimated to grow at a CAGR of 9.5% from 2025 to 2034. The paradigm shift toward the integration of renewable ...

#### [Product Information](#)

### [Global solar PV inverter state of the market 2024](#)

This new annual report provides insight into the global and regional PV inverter markets, presenting a detailed breakdown of 2023 shipments by product type and providing an ...

#### [Product Information](#)

### [PV inverter market share globally by shipments, Statista](#)

In 2022, Huawei had the largest PV inverter market shipments worldwide, accounting for some 29 percent of the market. Huawei was followed by Sungrow Power Supply and ...
