

Philippines Base Station Energy Storage Project

Overview

In a strategic move valued at approximately \$21 million, Aboitiz Power is integrating BESS technology into its existing thermal plants, a model for clean energy that is being closely watched by national utilities as a blueprint for climate-resilient infrastructure.

Philippines Base Station Energy Storage Project

[Largest Battery Energy Storage Facility Up In ...](#)

Marcos Jr. led the inauguration last April 4 in Limay, Bataan, where SMC initially built its BESS facilities. It is part of the total 32 battery storage ...

[Product Information](#)

Battery Energy Storage System

The Masinloc BESS is the first battery energy storage facility in the Philippines and one of the first in Southeast Asia. Our acquisition of Masinloc BESS is a landmark milestone that drives the ...
