

Photovoltaic container house collection

Overview

What is the ultimate off-grid container home?

The Hideaway: The Ultimate Off-Grid Container Home Designed For Freedom. Designed for the ultimate off-grid experience, this self-sufficient and durable shipping container home is your dream eco-friendly getaway. Featuring integrated solar power, rainwater collection, and a composting toilet, it empowers you to live independently and sustainably.

Why should you choose a container home for a sustainable lifestyle?

With its own solar panels, you can live completely off the grid and reduce your carbon footprint. Here are some reasons why this container home should be your choice for a sustainable lifestyle: With our 40' Off Grid Container Home, you can live anywhere without the need for electricity from the grid.

Can you build a container home off-grid?

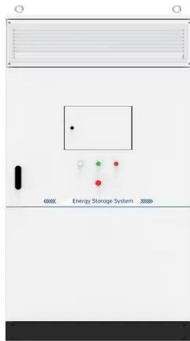

Simply place this container home on your land, deploy the solar panels, and let nature do the rest. Your off-grid adventure awaits! This one-bedroom prefab 40-foot container home is designed for minimalist living and offers maximum functionality and efficiency.

What is a shipping container home?

This home starts with the most basic of structures and build onto it's sturdy and efficient modular design. Shipping containers are also inexpensive and by using them for shelter, you'll be recycling materials as well as creating a home for yourself. Each shipping container is 40 foot long and has 320 square feet of space inside.
