

Power supply for power cabinets at Sao Tome and Principe base stations

Overview

Do I need a travel adapter in Sao Tome & Principe?

The electrical outlets and power plugs in Sao Tome and Principe are of types C & F (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.

What is the standard power socket voltage in Sao Tome & Principe?

All power sockets in Sao Tome and Principe provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Sao Tome and Principe if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Are there electrical outlets in Sao Tome & Principe?

No, the electrical outlets in Sao Tome and Principe are different from those in the United States. In Sao Tome and Principe electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Sao Tome and Principe?

.

What type of plugs fit in Sao Tome & Principe?

Also known as the Schuko plug. Plugs of type C and E will also fit in a type F socket. If you're not sure whether the outlets and plugs used in your country are the same as in Sao Tome and Principe, you can use the tool at the top of this page to check if you need a travel adapter.

Who owns electricity in Sao Tome & Principe?

Electrical power in the country is provided by the Empresa de Agua e Electricidade (EMAE), a public-private company that is 51% owned by the

Government of Sao Tome and Principe, and the remaining 41% is jointly owned by the private sector, with Sonangol holding 40% and a local anonymous enterprise owning the remaining 9%.

Do I need a voltage converter in Sao Tome & Principe?

The voltage used in Sao Tome and Principe is 220V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Sao Tome and Principe. If the voltage and/or frequency in your country is different, you should check if your devices are dual voltage.
