

Qatar Independent Energy Storage Project

Overview

The project involves the construction and operation of a natural gas-fired power plant (2,400 MW) and a seawater desalination facility (110 MIGD*2 (495,000 tons/day)) on the site of an old power plant located approximately 25 kilometers south of Doha, Qatar's capital, in the Ras Abu Fontas area.

Qatar Independent Energy Storage Project

[Developing Li-ion solar-powered energy storage systems \(ESS\)](#)

Inventus Power is excited to announce that we will be working with Qatar Environment & Energy Research Institute (QEERI) in support of efforts to provide state-of-the-art solar-powered ...
