

Sao Tome and Principe solar all-in-one home appliance

Overview

Where can I install solar panels in São Tomé?

São Tomé is an ideal location for solar energy. Solar panels can be installed in existing buildings or in stand alone 20 foot containers with the help of Offgridinstaller, who can supply and fit any size of solar system with high quality lithium ion battery storage which can generate and power year round storage.

Does Sao Tome & Principe have solar power?

According to data from the International Renewable Energy Agency (IRENA), Sao Tome and Principe did not have any grid-connected solar generation capacity installed at the end of 2021. The World Bank says Sao Tome and Principe has an electricity access rate of around 76%, with 92% of the total coming from imported diesel.

What is the population of Sao Tome and Principe?

The famous volcanic plug 'Pico Cao Grande' is 663 m high and popular with tourists. The main island, Sao Tome, has most of the 200,000 population, while Principe has only 8,000 people. The islands total 1,000 km².
