

Saudi Arabia solar panel assembly factory

Overview

Where are solar energy panels made in Saudi Arabia?

In continuation to excel and provide the best services to our customers, the first factory specialized in the Kingdom of Saudi Arabia to manufacture solar energy panels in conformity with international standards was established in the city of Sudaidar.

Will JinkoSolar build a 10 GW solar cell factory in Saudi Arabia?

A JinkoSolar-led consortium has announced plans to construct a 10 GW solar cell and module factory in Saudi Arabia with PIF and Vision Industries Company. Chinese module maker JinkoSolar is leading a consortium that plans to build a 10 GW solar cell and module factory at an unspecified location in Saudi Arabia.

Where are solar panels produced?

Phase 1 of production has also been launched at the solar panel production factory, which is located in the industrial area of Tabuk in Saudi Arabia. The total area of the factory exceeds 27,000m², with an estimated production capacity of 1.2 gigawatts (GW).

Which cities are a key hub for solar energy in Saudi Arabia?

Cities like Riyadh, Jeddah, and Dammam stand out as key hubs. Riyadh, the capital city, has emerged as a central point for the solar energy industry. It hosts a variety of solar companies that contribute significantly to the solar project in Saudi Arabia.

Why should Saudi Arabia invest in solar energy?

The facilities will bring the latest solar energy technologies to Saudi Arabia and create top-quality equipment that can withstand extreme heat and sandstorms. The internationally accredited Laboratory examines the efficiency and reliability of solar panels, ensuring that the technology being used meets

high standards.

Is Saudi Arabia a hotspot for solar energy development?

The Kingdom of Saudi Arabia is rapidly becoming a global hotspot for solar energy development, thanks to its abundant sunshine and strategic initiatives to diversify its energy resources. Among these initiatives, the development and manufacturing of solar panels have seen significant growth.
