

# **Seychelles Portable AC Power Supply**

## Overview

---

Is a power plug adapter needed for Seychelles?

On the Seychelles, the power plug sockets are of type G. Therefore, if you're coming from a country with different power plug types, you will need a power plug adapter. The standard voltage is 240 V and the frequency is 50 Hz.

What type of power plug is used in the Seychelles?

On the Seychelles, the power plug sockets are of type G. The standard voltage is 240 V and the frequency is 50 Hz.

Does Seychelles have a power outlet?

The island nation uses Type G and Type M plugs in its power outlets, both with a voltage rating of 230 volts (50 cycles). This means that device chargers and other electronics from many countries in Europe, Africa, and Asia will work in Seychelles without any additional adaptors or converters.

Do you need a voltage converter in Seychelles?

If your device or power adapter is not dual voltage or you are unsure, and the voltage and/or frequency in Seychelles differs from your own country, you should use a voltage converter when plugging in your devices and power adapters in Seychelles. What power plug types and electrical outlets are used in Victoria?

.

What type of plug fits in a Seychelles outlet?

No other plug types fit into an outlet of type G. All power sockets in Seychelles provide a standard voltage of 240V with a standard frequency of 50Hz. You can use all your equipment in Seychelles if the outlet voltage in your own country is between 220V-240V.

Do I need a travel adapter in Seychelles?

The electrical outlets and power plugs in Seychelles are of type G ( see images) . If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. However, you may still need a voltage converter if the voltage is different.
