

Slovakia electricity storage prices

Overview

How much does electricity cost in Slovakia?

The electricity price for businesses is EUR 0.253 kWh or USD 0.291. These retail prices were collected in September 2024 and include the cost of power, distribution and transmission, and all taxes and fees. Compare Slovakia with 150 other countries. Historical quarterly data, along with the latest update from March 2025 are available for download.

What happened to Slovakia's energy supply?

Although Slovakia is a significant producer of nuclear and hydroelectric energy, its biggest energy provider made a costly decision to sell off its excess power to energy traders early in the year. These traders are now selling the contracts back to Slovakia at market prices that are about five times higher.

How much energy does a shower save in Slovakia?

With the energy-saving shower, you can save up to 50% energy compared to standard shower heads. Or you can shower half the time. With the electricity price today in Slovakia you can save 0.09 € for each shower. What is a kWh?

kWh stands for kilowatt-hour, and is a unit that tells how much energy is used in one hour. Kilo means a thousand.

How long will a gas storage facility last in Slovakia?

Its construction should last about one year. The current underground gas storage capacity in Slovakia is about 3 billion cubic metres. The existing facilities are operated by companies Nafta and Pozagas. Another locality suitable for construction of a gas storage facility is in Ptruksa in eastern Slovakia.

What are the main energy sources in Slovakia?

Renewable energy sources, particularly hydroelectric power, are also integral

to Slovakia's energy mix. The country's topographical features, including mountainous regions and rivers, provide ideal conditions for hydroelectric generation. Nuclear energy is the cornerstone of Slovakia's electricity supply.

How is the electricity market regulated in Slovakia?

1.2.1 The electricity market in Slovakia is regulated by way of standard trading forms such as bilateral contracts, auctions and the balancing market.
