

Solar panel silicon-based manufacturers

**5 Years
warranty**

Overview

Photovoltaics companies include PV capital equipment producers, cell manufacturers, panel manufacturers and installers. The list does not include silicon manufacturing companies.

This is a list of notable photovoltaics (PV) companies. Grid-connected solar (PV) is the fastest growing energy technology in the world, growing from a cumulative installed capacity of.

China now manufactures more than half of the world's solar photovoltaics. Its production has been rapidly escalating. In 2001 it had less than 1% of the world market. In contrast.

• • • • .

Top 10 by yearSummaryAccording to EnergyTrend, the 2011 global top ten , solar cell and solar module manufacturers by capacity were found in countries including People's Republic of China.

Other notable companies include: • , Hong Kong, China • , Tucson, Arizona, US •
