

South Africa Republic Outdoor Mobile Energy Storage Power Plant

Overview

The Red Sands project will be the largest standalone BESS to reach this stage on the continent, designed to store power during off-peak hours and release it when demand is highest—providing essential grid stability and flexibility for South Africa's electricity network.

South Africa Republic Outdoor Mobile Energy Storage Power Plant

Africa's Largest Battery Energy Storage Project Red Sands ...

Developed by Globelec, which is 30% owned by Norfund, in partnership with African Rainbow Energy, the 153 MW/612 MWh project was signed off in June 2025 in Cape Town. It ...
