

South Sudan lithium battery energy storage project

Overview

The 20 MW solar PV plant, located in Juba, the capital city, will have a 14 MWh battery energy storage system & will connect 16,000 households in the world's least electrified country. This project marks South Sudan's first public-private partnership (PPP) in the renewable energy sector.

South Sudan lithium battery energy storage project

[South Sudan gets first off-grid solar battery hybrid ...](#)

Aptech Africa recently successfully designed, built and installed the first off-grid solar battery hybrid power system in South Sudan. This USAID ...
