

Taipei Green Energy Storage Project

Overview

Jointly developed with Shinshin Credit Corporation, this milestone project significantly enhances grid stability and reliability, reinforcing Taiwan's transition to a more resilient energy infrastructure. The facility officially commenced commercial operations in March.

Taipei Green Energy Storage Project

The current development of the energy storage industry in ...

The city of Kinmen will start on a large-scale energy storage project to build an energy storage system of more than 10 MWh and will also install a 5MWh energy storage ...
