

Tunisia develops energy storage photovoltaic power generation

Overview

This landmark project will be the first large-scale privately financed grid-connected solar independent power producer in the country and will support the government of Tunisia's goal to increase the share of renewable energy in its energy mix to 35% by 2030.

Tunisia develops energy storage photovoltaic power generation

Tunisia Advances Renewables: New solar plants in Sidi Bouzid ...

Two agreements have been signed at Kasbah Palace between the Tunisian government and Norwegian and Japanese renewable energy companies, "Scatec" and ...
