

Uruguayan energy storage and new energy investors

Overview

As the country transitions to the second stage of decarbonization of its energy matrix and looks to increase energy exports, there will be new opportunities for companies that can provide solutions related to energy generation, transmission and storage, hydrogen production (using wind and solar energy), e-fuels, electric transportation and energy efficiency.

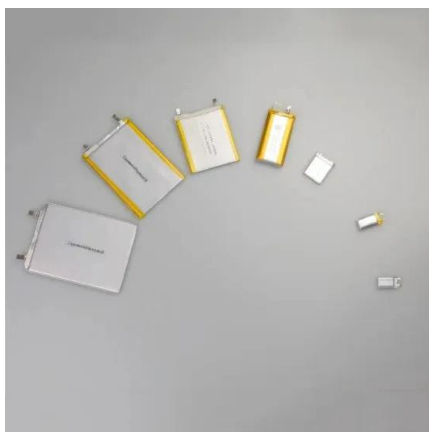

Uruguayan energy storage and new energy investors

Uruguay and Argentina's Energy Storage Power Stations: South ...

Uruguay's wind turbines spinning like gauchos' lassos while Argentina's solar panels soak up sun like mate tea drinkers at a Buenos Aires café. These two neighbors aren't ...
